IMPORTANT DISCLAIMER

This document checklist is provided as a general reference guide and is subject to change without prior notice. Visa requirements, embassy guidelines, and regulatory frameworks governing international pilot training are updated periodically by the relevant South African and Indian authorities. Aeropilot strives to keep this list current; however, the agency cannot be held responsible for discrepancies arising from mid-cycle regulatory changes.

Every candidate is strongly advised to confirm the final and complete document list with an Aeropilot counsellor before initiating any application process. Relying solely on this printed checklist without verification may result in delays, rejections, or additional costs for which Aeropilot shall bear no liability. ***When in doubt - always ask your counsellor.***
